

## The Lightweight, Modular Drying and Storage Solution

### ADVANTAGES

- Lightweight and portable
- Sturdy all-metal construction ensures years of useful life
- Handles rigid or semi-rigid substrates up to 12 x 18" (30 cm x 35 cm) or larger
- Designed to either sit on a flat surface or mounted on a door or wall with built-in brackets to save time and space
- When stacked back-to-back, casters can be attached for additional mobility
- Ideal for office, shop, studio, classroom or home use

The Saturn Stack Rack™ is a modular drying rack and storage system specifically designed to grow with your needs. It has hundreds of uses for drying or storing rigid or semi-rigid objects. Use it at the shop or office, classroom or home.

These comprehensive units can stand alone on a flat surface or mounted on a door or wall with built-in brackets to save space.

The tabletop model features 25 shelves capable of holding objects up to about 12" x 18" (30 cm x 35 cm) or smaller. Units can be stacked both vertically and horizontally for additional space and storage. For those stacking units back-to-back, Saturn Stack Rack™ rolls with ease from place to place with four casters that can be attached to the bottom of the unit. Two of these casters lock, providing additional stability.

With the ability to better organize substrates, increased productivity and greater profits are soon to follow!

# Stack Rack™

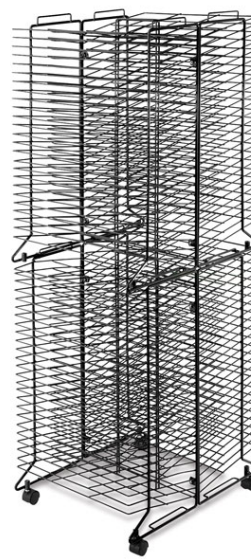

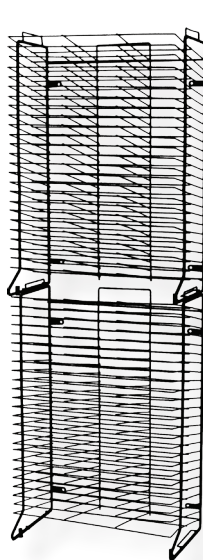

The Ideal Modular, Lightweight Solution for Hundreds of Applications

**The versatile StakRack™ can be used in many configurations**

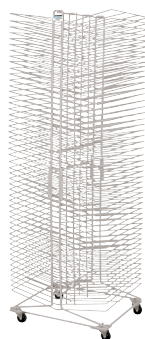

CAT. NO.	DESCRIPTION	DEPTH	WIDTH	SHELVES	SHIPPING DIMENSIONS	SHIPPING WEIGHT
